March Session of the January Adjourned Term. 20 05

In the County Commission of said county, on the 1st day of March 20 05

the following, among other proceedings, were had, viz:

Now on this day the County Commission of the County of Boone does hereby approve the request by Brandon Spry to approve a Review Plan for Midway Electric located at 7301 W. Henderson Road, Columbia, with the following conditions:

1. Prior to final plan approval, an engineered wastewater system design shall be submitted to and approved by the Missouri Department of Natural Resources.
2. The cell tower shall be deleted from the list of proposed allowed uses and the location of the cell tower on the site plan shall be removed.
3. The developer shall work with the Natural Resources Conservation Service and/or the Missouri Department of Conservation to determine whether the existing vegetation is adequate as a buffer and if not, to develop a plan to enhance the buffer with additional plantings. Such a plan shall be developed prior to final plan approval.
4. Amend the stormwater plan to include a "sheet flow structure" so that stormwater leaving the site flows through the stream buffer in a sheet rather than linear form. The final stormwater plan shall be submitted for approval prior to final plan approval.
5. Since land clearing has already commenced at the site, all erosion control practices shall be installed prior to final plan approval.

Done this 1st day of March, 2005.
