

CERTIFIED COPY OF ORDER

STATE OF MISSOURI }
 County of Boone } ea.

September Session of the July Adjourned

Term. 20 05

In the County Commission of said county, on the

1st day of September 20 05

the following, among other proceedings, were had, viz:

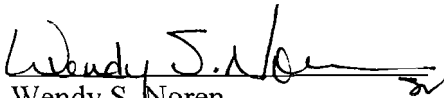

Now on this day the County Commission of the County of Boone does hereby approve the following revision to the Boone County, Missouri Roadway Regulations Chapter 1: Vehicular Traffic Regulations, having published notice of public hearing and conducted three public hearings as required by 304.130RSMo.

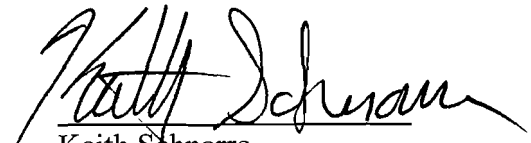

- Olivet Road (Richland Road to Highway WW, Highway WW to New Haven Road) from 35 mph to 45 mph.

The County Commission does hereby approve the recommendation from the Boone County Public Works Department to have the speed limits in the Lake of the Woods Subdivision (Yosemite Avenue, Rocky Mountain Avenue, Shiloh Road, Shenandoah Road, Glacier Road, Crater Lake Road and Teton Drive) remain at 30 mph.

Done this 1st day of September, 2005.

351-2005

Date: July 15, 2005
To: David Mink
Via: Don Abell
From: Matthew Vander Tuig

Boone County Public works is suggesting raising the speed limits on Olivet Road from Richland to Hwy WW and from Hwy WW to New Haven from 35 mph to 45 mph.

Olivet Road along that entire stretch from Richland to New Haven is listed as a major collector by CATSO. Olivet Road from Hwy WW to New Haven is asphalt pavement, the traffic on which was most recently counted on 7/8/2004. Olivet Road from Richland to Hwy WW has recently been paved for the 2005 construction season. After construction equipment was removed from the site and the roadway was opened again to the public, a traffic study was completed to determine whether the speed limit should change for that section of Olivet Road. The following table describes the results of those two traffic studies.

Roadway	ADT	85% speed (mph)
Olivet Rd. (N. of New Haven-2004)	269	46
Olivet Rd. (S. of Hwy WW-2004)	400	43
Olivet Rd. (midway between WW and New Haven)	366	50
Averages between WW and New Haven	345.0	46.3
Olivet Rd. (N. of Hwy WW-2005)	567	45
Olivet Rd. (N. of Turner Farm Rd.-2005)	520	50
Olivet Rd. (S. of Richland Rd.-2005)	486	46
Averages between Richland and WW	524.3	47.0

There were no reported accidents on Olivet Road between Richland and New Haven for a 5 year period from 2000 through 2004.

From the sample of data during the 2004 and 2005 traffic studies, it is apparent that Olivet Road would be within 5 mph of the 85% speed (as suggested by MUTCD) if they are increased to a 45 mph speed limit.

Speed limits suggested are in accordance with section 1.4 of Chapter 1 of Roadway Regulations, section 3.2 of the County Traffic Safety Manual, and section 2B.11 of the Manual on Uniform Traffic Control Devices (MUTCD).

The upgrade from gravel to asphalt pavement on Olivet Road from Richland to Hwy WW prompted this speed limit study.

From: Matthew Vander Tuig

Boone County Public works is suggesting that speed limits on Yosemite, Rocky Mountain, Shiloh, Shenandoah, Glacier, and Crater Lake remain at 30 mph. The speed limit for Teton Dr. is also suggested to remain at 30 mph.

All roads internal to the subdivision are currently listed at 30 mph. Grace Lane, the minor arterial that serves that subdivision, is also listed at 30 mph. There was a traffic count and speed study completed for various roads within Lake of the Woods in May of 2003. Since no new construction has occurred within this subdivision and the residential uses within the subdivision have not changed since this study was conducted, these findings are considered valid for use in preparing this report (with the exception of Teton Dr., which is addressed on page 2 of this memo). The results are as follows:

Roadway	ADT	85% speed (mph)
E. Teton Dr.	50	22.69
W. Teton Dr.	54	28.75
E. Yosemite Ave.	100	29.94
W. Yosemite Ave.	127	25.27
E. Rocky Mountain Ave.	168	26.47
W. Rocky Mountain Ave.	168	25.72

There were no reported accidents within Lake of the Woods subdivision for a 5 year period from 2000 through 2004.

From the sample of internal roads counted during the 2003 traffic study, it is apparent that the internal roads would be within 5 mph of the 85% speed (as suggested by MUTCD) if they remain at the posted 30 mph speed limit. The Nu-Metrics traffic counter also provides a percentage of drivers that exceed the posted speed limit. Of the four internal segments listed above (Yosemite and Rocky Mountain in both directions), the average percentage of drivers exceeding the speed limit is 6.6%. The default speed for any county maintained roadway within a recorded subdivision is 30 mph unless otherwise warranted based on safety concerns. There is 93.4% compliance with the posted speed limit of 30 mph and there have been no reported accidents within the subdivision. It is my conclusion that changing the speed limit will not affect the behavior of the majority of the drivers and changing the speed limit is not warranted. Other roadways within the subdivision that were not included in the study are either short segments (650 ft or less) or dead end streets. Therefore Yosemite and Rocky Mountain were used as a sample for all internal roads. Other roads considered "internal" are Shiloh, Shenandoah, Glacier, and Crater Lake.

Teton Dr. was counted again recently on 6/22/05 due to a new development east of Lake of the Woods subdivision, which has resulted in Teton Dr. now being used for access to that development. The results of that traffic count are as follows:

Boone County Public Works

Matthew Vander Tuig, P.E.
Project Engineer
Engineering Design and Construction

5551 Highway 63 South
Columbia, MO 65201-9711
Phone (573) 449-8515 ext. 239
Fax (573) 875-1602
E-mail: MVanderTuig@boonecountymo.org

Roadway	ADT	85% speed (mph)
E. Teton Dr. (near Grace Ln.)	333	26.12
W. Teton Dr. (near Grace Ln.)	376	59.52
E. Teton Dr. (at City Limit)	301	43.93
W. Teton Dr. (at City Limit)	257	47.62

Although the 85% speeds from the most recent traffic study on Teton Dr. indicate that the speed limit should be raised to 45 mph, that speed limit would not be in accordance with the classification of the roadway, the geometrics of the roadway, and the density of driveways within the segment from Grace Ln. to the city limits. Boone County Public Works is suggesting the speed limit on Teton Dr. remain at 30 mph. Public Works is also suggesting that the Sheriff's Department is notified regarding this safety issue. According to the Nu-Metrics traffic counter, an average of 7.8% of drivers exceeded 55 mph.

Speed limits suggested are in accordance with section 1.4 of Chapter 1 of Roadway Regulations, section 3.2 of the County Traffic Safety Manual, and section 2B.11 of the Manual on Uniform Traffic Control Devices (MUTCD).

Concerns from residents in Lake of Woods regarding the speed limits on Grace Lane prompted the 2003 study and new requests to lower the speed limits on the internal roads of the subdivision prompted the new speed study

**PURCHASE AGREEMENT FOR
UNINTERRUPTIBLE POWER SOURCE**

THIS AGREEMENT dated the 1 day of SEPT 2005 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, herein "County" and **SDF Professional Computers, Inc.**, herein "Contractor."

IN CONSIDERATION of the parties performance of the respective obligations contained herein, the parties agree as follows:

1. **Contract Documents** - This agreement shall consist of this Purchase Agreement for the Uninterruptible Power Source, bid number **54-18AUG05** including Introduction and General Conditions of Bidding, Primary Specifications, Response Presentation and Review, the unexecuted Response Form, Standard Terms & Conditions, any applicable addenda, as well as the Contractor's bid response dated August 17, 2005 executed by Shiu Rajrani Ajmera, on behalf of the Contractor. All such documents shall constitute the contract documents which are attached hereto and incorporated herein by reference. Service or product data, specification and literature submitted with bid response may be permanently maintained in the County Purchasing Office bid file for this bid if not attached. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions and requirements contained in the bid specifications including Introduction and General Conditions of Bidding, Primary Specifications, Response Presentation and Review, the unexecuted Response Form, Standard Terms & Conditions, and any applicable addenda shall prevail and control over the Contractor's bid response.

2. **Purchase** - The County agrees to purchase from the Contractor and the Contractor agrees to supply the County with the following:

• Item 4.7.1. – PW9155 Model 15 32 Battery Part #K415110000	\$5,191.00
• Item 4.7.2. – X-Slot Relay Card Part #1018460	\$68.05
• Item 4.7.3. – 25FT AS/400 Model 9406 Cable Part #05142494	\$27.72
• Item 4.7.4. – Can Bridge Field Kit Part #103004336	\$268.12
• Item 4.7.5. – PW9155 Parallel Cabinet Part #124100017-001	\$713.15
• Item 4.7.6. – 2 Year On-Site Gold Plan Part #2OSGX915515KVCX	\$535.14
• Item 4.7.7. – Shipping Charge	NONE
• For a total cost of	\$6,803.18

3. **Delivery** - Contractor agrees to deliver the equipment per the bid specifications and within two (2) weeks after receipt of order.

4. **Billing and Payment** - All billing shall be invoiced to the Boone County Information Technology Department and billings may only include the prices listed in the Contractor's bid response. No additional fees for delivery or extra services or taxes shall be included as additional charges in excess of the charges in the Contractor's bid response to the specifications. The County agrees to pay all invoices within thirty days of receipt; Contractor agrees to honor any cash or prompt payment discounts offered in its bid response if county makes payment as provided therein. In the event of a billing dispute, the County reserves the right to withhold

payment on the disputed amount; in the event the billing dispute is resolved in favor of the Contractor, the County agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

5. **Binding Effect** - This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

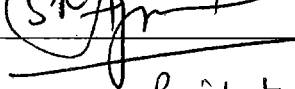

6. **Entire Agreement** - This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and any other bid or bid specification or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

7. **Termination** - This agreement may be terminated by the County upon thirty days advance written notice for any of the following reasons or under any of the following circumstances:

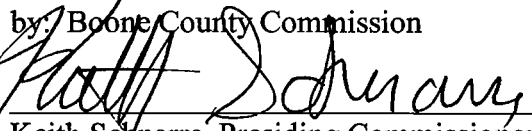

- a. County may terminate this agreement due to material breach of any term or condition of this agreement, or
- b. County may terminate this agreement if in the opinion of the Boone County Commission if delivery of products are delayed or products delivered are not in conformity with bidding specifications or variances authorized by County, or
- c. If appropriations are not made available and budgeted for any calendar year.

IN WITNESS WHEREOF the parties through their duly authorized representatives have executed this agreement on the day and year first above written.
