PROBLEM IDENTIFICATION

Alcohol and other drugs contribute substantially to traffic crashes on Missouri's roads, especially those resulting in death or disabling injury. In the 2006-2008 period, 489,219 traffic crashes occurred in the State. Of those, 0.6% resulted in a fatality and 3.6% involved someone being seriously injured. During the same time period, there were 24,995 traffic crashes where one or more drivers and/or pedestrians were under the influence of intoxicants and in the opinion of the investigating officer their intoxicated condition was a contributing factor to the crash. In these crashes where drivers or pedestrians were impaired by alcohol or other drugs, 824 people were killed and another 3,889 were seriously injured. In the past three years (2007-2009) there have been 11,332 reported crashes in Boone County. Of those crashes, there were 58 fatalities, where 14 involved drinking and 26 were speed related.

Over the past three years, the number of DWI arrests in Boone County, Missouri have increased dramatically. Law enforcement agencies in Boone County have increased their focus on locating, identifying, and arresting persons who have chosen to get behind the wheel of a vehicle while impaired by drugs and/or alcohol. As a result of their increased focus, referrals for prosecution to the Boone County Prosecutors' Office have also increased dramatically. In 2006 the Boone County Sheriff's Department received funding through the Missouri Department of Highway Safety to form a specialized DWI unit. They received funds for two officers, vehicles and equipment for their unit. As a result of the success of this unit, the Boone County Prosecuting Attorney's Office almost doubled our criminal case filings. The Boone County Sheriff's Department increased their number of arrests by over 213% from 2007 to 2009, (134 in 2007 to 419 in 2009). The Boone County Prosecutors' Office increased the number of DWI cases filed by 75% in the same time period, 536 in 2007 and 930 in 2009. In late 2009 the Columbia Police Department also received funding for a specialized DWI unit, which included two officers, vehicles and equipment. CPD made 203 DWI arrests in 2007 and 237 in 2009. With the addition of the new Columbia Police Department DWI unit our office anticipates a more dramatic increase in DWI case filings.

With increased training, dedication, and man power to fight the dangerous crime of driving while intoxicated/impaired, law enforcement has been able to greatly increase the number of impaired drivers who are taken off the streets. However, with the increase in the number of arrests, the number of prosecutions also increases. At this time we have only one assistant prosecuting attorney handling all of the DWI cases. Without an increase in funding and resources, our ability to effectively prosecute each of these arrests is greatly reduced

Impaired driving and other traffic safety cases can be quite difficult to prosecute due to the technical and scientific evidence, the ever increasing and ever changing defense challenges, and the increased number of drug impaired driving cases. Although the Drug Evaluation and Classification program has been around for over 20 years, it has only been in the last decade that local law enforcement has been focusing on the need for additional training on detection of drivers who are impaired by a drug or drugs other than alcohol. In the last three years, law enforcement agencies have dramatically increased the number of DRE (Drug Recognition Experts) trained officers. Boone County and Mid-Missouri have seen the number of DRE certified officers triple in number. With the increase in officers trained in the detection of drivers under the influence of a category of drugs, an increase of arrests of DWI by drugs, and thus, an increased need for training and resources of prosecution of DWI by drugs.

In order to assist the goal of all law enforcement of deterring persons driving while impaired, from risking their lives and the lives of other motorists, Boone County needs the additional resources in which to prosecute DWI cases effectively and efficiently.

GOALS/OBJECTIVES

GOAL #1: Effectively review and make a charging decision on 100% of the DWI arrests that are referred to the Boone County Prosecuting Attorney's Office.

OBJECTIVE 1: Employee a full time DWI Prosecuting Attorney.

OBJECTIVE 2: Collaborate with local law enforcement agencies who investigate DWI related offenses, specifically with the Boone County Sheriff's Department and the Columbia Police Department's specialized DWI Units.

GOAL #2: Increase our effectiveness in prosecuting cases where the driver is impaired by drugs other than alcohol.

OBJECTIVE 1: Provide additional training and resources for the prosecution of DWI by drugs both locally and nationally.

OBJECTIVE 2: Collaborate with Drug Recognition Experts to more effectively and efficiently prosecute DWI by drug cases in Boone County.

PROJECT DESCRIPTION

This proposal is submitted in an effort to add one Assistant Prosecuting Attorney to the Boone County Prosecuting Attorney's Office, dedicated to working solely on DWI cases in Boone County. We are requesting the full salary and benefits for the Assistant Prosecutor as well as funding for travel and training expenses to attend local and national traffic safety conferences and professional dues. We are also requesting the necessary equipment, computer hardware and software for the Assistant Prosecuting Attorney.

The Boone County Prosecutors' Office will hire an assistant prosecuting attorney to work as a DWI prosecutor in Boone County. The salary will be commensurate with their experience and is based on the Boone County Salary Range Schedule which was adopted in FY2002. The DWI Prosecutor will do the following:

Collaborate with local law enforcement including the Boone County Sheriff's Department and the Columbia Police Department specialized DWI Units.

Conduct factual and legal analysis of DWI reports submitted by law enforcement.

Determine whether or what charges should be filed based on the facts and the law.

Represent the State of Missouri in criminal prosecution of DWI cases including arraignments, motions, plea agreements, probation violation proceedings, depositions and jury trials.

Prepare DWI cases for trial by identification of witnesses, internal investigation, confer with DWI victims, and establish trial strategy designed to secure a verdict of guilty.

Manage a DWI case load consisting of pending criminal actions with objectives to ensure that resolution is obtained and secured.

Write trial briefs and DWI appeal briefs.

Recommend to the court as to bonds and punishments.

Assess the action to be taken regarding criminal proceedings, taking into consideration the history of the defendants, the strength of the cases, and the protection of the community and victims.

Gather and analyze evidence in DWI cases.

Interview witnesses to ascertain facts of DWI cases.

Review pertinent decision, policies, regulations and other legal matters pertaining to DWI cases.

Maintain proficiency in Missouri and Federal Statutory case law.

Present evidence on behalf of the State to grand jury for indictment.

Engage in jury selection in DWI cases.

Represent Boone County and the State in Court of law and present evidence before Judge, judiciary and jury in DWI cases.

Respond to law enforcement agencies' inquiries regarding search warrants and arrest decision, review, approve or disapprove.

Re: Position Reclassifications

The position title for Joy's position will not change.

The effective date on the Mental Health/DWI Court Administrator change will be determined by the commission schedule. I have received the budget revision and plan to send it over today. I'll get on the commission schedule and would intend to have the change effective as soon as possible following approval of the budget revision.

Re: Position Reclassifications

Kathy,

Thanks for the confirmation.

In terms of implementation:

These changes will need to be coordinated through HR, because they maintain the County's Class Code File which then populates certain fields within my Master Position File. I'm cc'ing Betty and Kara so that they can follow-up with you for any information that they need.

For position 1210-37 (Assistant to Court Administrator), if the only change is the range, then HR can change the range in the Class Code file and we will continue using position #37. If the title is changing as well, it may be preferable for HR to establish a new Class Code, in which case my office would de-activate Pos 37 when Joy retires and create a new position using the new Class Code. HR will need to know the effective date of the change. (Although this change was discussed with the Commission; commission approval is not required.)

For position 2904-661 (Mental Health Coordinator), HR will need to establish a new class code with the new title and range. My office will de-activate position 661 and create a new one using the new Class Code. Again, HR will need to know the effective date of the change. (As you noted below, this change is subject to commission approval of the budget revision.)

After HR updates the Class Code File, Kristen will make the necessary changes to the Master Position File and make sure that you have the correct position numbers to use on the PAF's.

Thanks, June

June,

The court en banc approved the position reclassifications at the meeting

last night, The new range of 58 will be used to advertise the position of

Legal Counsel and Assistant to the Court Administrator. I don't know that

there is really any reason to complete a PAF for Joy's current status since

it won't impact her pay. If there's is a reason I'm not contemplating please let me know.

Diana is preparing the budget revision for Prop L to move money from Class

7 (71100) to Class 1 to fund the increase in salary for the retitled/reclassified position of Mental Health/DWI Court Administrator.

The court approved the new range of 46 with the understanding that funding

was contingent on approval of the budget revision.

You had asked that I document the change in the Legal Counsel and Assistant

to the Court Administrator position. If you need something in addition

this email please advise.
