Re: Proposal for engineering services for Trails West Subdivision Drainage Project
Boone County, Mo

Dear Don,

We have reviewed the scope of services for supplying the engineering services for this project and have come up with the following "not to exceed" cost of \$9,250. The amount shown accounts for all of the considerations set forth within your RFP except the revisions from our meeting on May 3rd.

I have enclosed a complete breakdown for each phase of the engineering services to be provided. Also enclosed is a rate schedule for your reference. As indicated this is a "not to exceed" cost, and we will do everything that we can to keep all costs to a minimum.

We appreciate this opportunity to provide services on this project and look forward to working with you. If you have any questions concerning this estimate or the scope of work please contact me at the number below.

Sincerely,

A Civil Group
