Kerry,

The Hallsville School is submitting an application for new sidewalks and pedestrian trails. The proposed system will provide connections between the two school campuses and connect to adjacent subdivisions for children who are not eligible for bus service. The proposed sidewalks will connect to city sidewalks. Please place our request on tomorrow's agenda. Our deadline for postmark is January 31, 2007. Contact Tom Baugh, school superintendent, 696 5512 ext. 301, with any questions. If we can't make tomorrow's agenda, please place us on Tuesday's agenda.

Dear Mr. Baugh:

With great enthusiasm the Boone County Commission whole heartedly supports the "Safe Routes To Schools" grant recommendation for Hallsville Public Schools.

Since the Hallsville schools have continued to experience rapid growth, it was obvious to the community that a new school structure needed to be built. Since it is remote from the main campus of the school itself, it makes perfect sense to construct a pedestrian/ bicycle pathway to the new building. We feel it is critical to construct this pathway to ensure the safety of the children involved. This logical addition to State Highway 124 and Ricketts Road should be constructed as soon as the grant will allow.

Should you have any questions or concerns, please feel free to contact our office at 573-886-4305. Thank you in advance for your consideration.
