# Domestic Relations Program for Parents and Children Request for Proposal Supervised Access and Exchange Program, "Contact for Kids: A Safe Way" Budget Spending Plan & Narrative

### 2.1 Continuation of Approved Program:

For fiscal year 2013, the 13<sup>th</sup> Judicial Circuit, Family Court received \$8,000.00 in funding to continue our Supervised Visitation program, through contracting with Great Circle.

In 2013 the amount of grant funds awarded were reduced as we began requiring the non-custodial parent to pay a per diem based off his/her income. During this current grant year from July 1, 2012 through January 2013, 12 families have been referred to the program as a result of their involvement in domestic relations cases. Of those 12 cases, to date five have received supervised visitation program services; two cases are very new, therefore visitation has not been set up with one case and additional paperwork is needed for the other case. Of the five remaining cases referred but not yet active, there continues to be paperwork missing in order to process the referral.

Of the five families who have received services, two of the families utilized all 12 hours of the supervised visitation program; one family received 6 hours of the program and; it is anticipated the two active cases will use all 12 hours as they are continuing to participate in the program with a recommendation from the therapist that supervised visitation continue.

It should be noted in fiscal year 2013; we requested \$20,000 but were only awarded \$8,000.00. Therefore attorneys involved in making referrals were informed that cases being referred should be well screened due to the decrease in funds, despite the fact that the non-custodial parent would be required to pay a per diem. Through December, 2012, \$1,614.00 has been billed for supervised visitation. Of the five families who have participated in the program, one parent's fee was waived based on the Court's finding the parent had no financial means to pay; two parents paid the minimum fee of \$8.00 hourly and the remaining two parents paid \$11 and \$13 hourly.

#### **Budget Spending Plan**

Should our Court be awarded the full amount of \$15,000, we are confident referrals will continue to be made and believe those referrals made are more likely to follow through with all the paperwork due to the referring attorneys now having a better understanding of the referral process and paperwork needed. We also plan to amend our eligibility slightly, in that if a party falls below poverty level, the Court could have the ability to waive an hourly per diem being paid by the non-custodial party.

The following chart shows the expected budget spending plan for FY14, based on predictions of families served to date. This budget plan would include continuing to contract with Great Circle to provide the supervision by a licensed therapist at \$58.00 per hour.

# of	# of	Cost per	Total Funds	Requested	Additional
Families	Available	Visitation	needed to	funds through	Funds needed
Predicted	Visitation	Hour	provide	DRRF	outside of
to be	hours per		services		Grant to cover
Served	family	[			expenditures
24	12	\$58	\$16,704.00	\$15,000.00	\$1,704.00

In an effort to continue assuming some of the responsibilities of the cost of this program, the Court will continue to work with Great Circle in having the non-custodial parent pay an hour per diem based on their income level. For those non-custodian parents who fall below poverty level, the Court would be allowed to waive a per diem fee, therefore allowing the grant to pay the full hourly rate.

Our Court, in collaboration with Great Circle, previously developed a sliding scale worksheet to determine the hourly rate the non-custodial parent would be required to pay. This scale will be amended to provide for the fee to be waived if the parent's income is below poverty guidelines as provided by the U.S. Department of Health and Human Services. For those families who would be required to pay an hourly per diem, the family will continue to sign an agreement to pay determined amount before each supervised visitation and should they not be able to pay their amount, the visitation would not occur. It will continue to be up to the contract agency to collect the amount from the family based on the sliding scale fee and the Court will then agree to pay the contract agency the remaining balance of the \$58.00 per hour through contractual services through the DRRF grant. Based on the previous seven months of following this policy, it is estimated that a very low percentage of families will have an income above poverty level and be required to pay a per diem.

#### Benefit of Funds for FY13

As previously noted five families have received the benefit of the Supervised Visitation program from July 1, 2012 through January, 2013. The children and visiting parents have been given an opportunity to build a lasting relationship that often might not have occurred without this program. The visiting parent has learned valuable information such as how to better communicate and/or interact with their child/children through the assistance of the licensed therapist. The custodial parent has been provided the assurance their child/children are safe and well supervised with the therapist being present.

Family Court Commissioner Sara Miller stated "the visitation program leads to many cases being resolved without a contested trial because the parties can have an opportunity to work out their visitation issues while the case is pending." Commissioner Miller

believes approximately 90% of the cases end up settled, or at least have the visitation issues resolved, if the family participated in the Supervised Visitation program. She further stated "The greatest value from the program is the benefit to the children. With the program they are able to meet the visiting parent in a safe, fun environment without witnessing inappropriate, angry or even violent behaviors by their parents. There is no way to put a number on that."

If it appears you are not spending the awarded funds as proposed, the award may be reduced and made available to another court. However, if you are spending and find that you are in need of additional funds as the year ends, you may submit a request at that time. Included with this letter is an award data sheet outlining the terms of the award. Please review the terms to insure that you understand any restrictions concerning your award.

Included in your packet of forms in this email is an electronic copy of a Certification of Compliance form. This form must be used for reimbursement of program or project expenses. - 1. Services can be provided only to family members where there is a domestic relations case filed in the court.
- 2. The amount of funding for your program or project for the fiscal year is \$10,000.00.

The breakdown of funding expenditure is as follows:

While an outdoor fire in Courthouse Plaza seems highly unlikely, in the event that there was such a fire we would endeavor to have a prompt, orderly evacuation of the Plaza. Which direction we would have participants leave in, would, of course, depend on the location of this hypothetical fire. There will be, however, so few people attending, compared to the size of the space we will be in, that it seems that evacuation would not present a problem. If there are suggestions that the Boone County Government would like to offer in terms of evacuation, we would be happy to comply with whatever suggestions are shared. Likewise, if there are any other safety concerns, we will be happy to address these as needed.
