May Session of the April Adjourned

Term. 20 08

In the County Commission of said county, on the

27th day of May 20 08

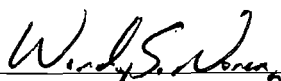

the following, among other proceedings, were had, viz:

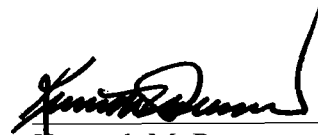

Now on this day the County Commission of the County of Boone does hereby **approve** the request Shadd and Melinda Westhoelter for a permit for a dog kennel on 18.34 acres, located at 15253 N. Tucker School Rd., Hallsville **with the following conditions:**

- No more than 22 breeding animals on site at any time.
- No new structures shall be constructed any closer than 150 feet to any property line.

Done this 27th day of May, 2008.

Westhoelter Request
Conditional Use Permit for a Breeding Kennel
Staff Report
May 27, 2008

The subject property is 18.34 acres located approximately 3 miles west of Hallsville, 1 ½ miles north of State Highway 124. The property is zoned A-2 (Agriculture), which is original 1973 zoning. This property is surrounded by original A-2 zoning.

The applicants are requesting a conditional use permit to operate a breeding kennel for dogs. They have operated under USDA and Missouri Department of Agriculture permit for several years, and are seeking this permit to be in compliance with county regulations. This is required in order to upgrade the existing kennel facilities. The applicants have identified the existing structures on their property in the documentation submitted with their conditional use permit. There are two whelping sheds with chain-link runs and six dog pens present on the property. The applicants currently have eight active breeding females, four females that are not mature enough to breed, and three males.

The property is located inside the Hallsville public school district and the Boone County Fire Protection District. The Master Plan describes this area as being suitable for agricultural and rural residential land use. Staff notified 14 property owners about this request.

The following criteria are the standards for approval of a conditional use permit, followed by staff analysis of how this application may meet those standards. Staff analysis of the request is based upon the application and public comments received following notification of the surrounding property owners.

(a) The establishment, maintenance, or operation of a conditional use permit will not be detrimental to or endanger the public health, safety, comfort or general welfare.

If operated in conformance with existing county regulations, the use should comply with this criterion.

(b) The conditional use permit will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted by these regulations.

The requested use has the potential to be injurious to the use and enjoyment of other property in the immediate vicinity. However, the structures used in the kennel operation are roughly located in the center of this property, buffering it from nearby properties. Public testimony may be more indicative as to whether this criterion is met.

(c) The conditional use permit will not substantially diminish or impair property values of existing properties in the neighborhood.

The proposed use may have a negative impact on property values in the area. Typically, kennels can generate significant noise and odor impacts on the surrounding properties. Public testimony may be indicative as to whether this criterion is met.

(d) All necessary facilities will be available, including, but not limited to, utilities, roads, road access and drainage.

The site has access to all necessary facilities. Waste materials are handled through use of an older lagoon on site and/or a manure spreader used for pasture fertilization.

(e) The establishment of a conditional use permit will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the zoning district.

This property is zoned A-2 (Agriculture), with residential uses limited to 2.5 acre lots. Development of this area may be restricted due to the presence of the kennel. The surrounding tracts have the potential to be divided at a higher density than their present status. Given the potential negative impacts of a kennel, adjacent lots may need to be made larger in order to provide a buffer between home sites and the kennel property.

(f) The establishment of a conditional use permit will not hinder the flow of traffic or result in traffic congestion on the public streets. This will include the provision of points of access to the subject property.

The site has direct access to Tucker School Road, a county-maintained public road. The proposed use should not hinder traffic or cause congestion on public streets.

(g) The conditional use permit shall in all other respects conform to the applicable regulations of the zoning district in which it is located. The County Commission shall find that there is a public necessity for the conditional use permit.

The proposal conforms to other applicable regulations of the A-2 zoning district.

The level of activity on the property as described by the application and the applicant would appear consistent with the criteria for approval of this conditional use permit.

Staff recommends approval of this conditional use permit.

Boone County Commission
801 East Walnut Street
Columbia, MO 65201

RE: A replat of Lots 135 & 136 of The Woodlands Plat 5A, a proposed one-lot subdivision (replat) of the two Lots in the west half of the northwest quarter of the northwest quarter of Section 27, T48N, R12W, Boone County, Missouri.

With this letter, on behalf of Rhodes - Payne Properties, Inc., I hereby petition the Boone County Commission to vacate Lots 135 and 136 of The Woodlands Plat 5A, as shown in Plat Book 39, Page 75 of the Boone County records, in accordance with Section 1.8.1.3 of the Boone County Land Use Regulations, Chapter 1, Subdivision Regulations. It is the intention to replat the above described Lots into a single lot, with road frontage on Turkey Trail Drive. No existing easements are expected to be vacated by this replat.

Sincerely,
MARSHALL ENGINEERING AND SURVEYING, INC.
