In Re: Nuisance Abatement)	August Session

)	Commission Order No. <u>310-2011</u>

FINDING OF PUBLIC NUISANCE AND ORDER FOR ABATEMENT

NOW on this 4th day of August 2011, the County Commission of Boone County, Missouri met in regular session and entered the following findings of fact, conclusions of law and order for abatement of nuisance:

Findings of Fact and Conclusions of Law

The County Commission finds as fact and concludes as a matter of law the following:

1. The Boone County Code of Health Regulations (the "Code") are officially noticed and are made a part of the record in this proceeding.
2. The City of Columbia/Boone County Health Department administrative record is made a part of the record in this proceeding and incorporated herein by reference. In addition, any live testimony of the official(s) of the department and other interested persons are made a part of the record in this proceeding.
3. A public nuisance exists described as follows: junk, trash, rubbish and garbage
4. The location of the public nuisance is as follows: 5908 Kent Drive A+B, a/k/a parcel# 12-415-20-01-066.00 01, Section 20, Township 49, Range 12 as shown in deed book 3220 page 0115, Boone County
5. The specific violation of the Code is: junk, trash, rubbish and garbage in violation of section 6.5 of the Code
6. The Health Director's designated Health Official made the above determination of the existence of the public nuisance at the above location. Notice of that determination and the requirement for abatement was given in accordance with section 6.10.1 of the Code on the 24th day of June 2011, to the property owner, occupant, and any other applicable interested persons.
7. The above described public nuisance was not abated. As required by section 6.10.2 of the Code, the property owner, occupant, and any other applicable interested persons were given notice of the hearing conducted this date before the Boone County Commission for an order to abate the above nuisance at government expense with the cost and expense thereof to be charged against the above described property as a special tax bill and added to the real estate taxes for said property for the current year.
8. No credible evidence has been presented at the hearing to demonstrate that no public nuisance exists or that abatement has been performed or is unnecessary; accordingly, in accordance with section 6.10.2 of the Code and section 67.402, RSMo, the County Commission finds and determines from the credible evidence presented that a public

nuisance exists at the above location which requires abatement and that the parties responsible for abating such nuisance have failed to do so as required by the Health Director or Official's original order referred to above.

Order For Abatement Chargeable As a Special Assessment To The Property

Based upon the foregoing, the County Commission hereby orders abatement of the above described public nuisance at public expense and the Health Director is hereby authorized and directed to carry out this order.

It is further ordered and directed that the Health Director submit a bill for the cost and expense of abatement to the County Clerk for attachment to this order and that the County Clerk submit a certified copy of this order and such bill to the County Collector for inclusion as a special assessment on the real property tax bill for the above described property for the current year in accordance with section 67.402, RSMo.

WITNESS the signature of the presiding commissioner on behalf Boone County Commission on the day and year first above written.

RE: Recommendations from Job Classification Committee

The Job Classification Committee met on July 27, 2011 to review and discuss the proposed "Urban Hydrologist" position in the Stormwater Division, Resource Management Office.

The Job Classification Committee members unanimously agreed to bring forward the following recommendation to the Commission:

Establish a new position classification titled "Urban Hydrologist" on pay range 40 for this grant-funded position. Proposed effective date is immediately.

It is recommended that we establish a **new class code number of 3064 for the Urban Hydrologist classification**. CJ Dykhouse has reviewed the proposed position description questionnaire and recommends this new classification be established as **non-exempt**. His comments are shown below:

My opinion is that this position is non-exempt under the FLSA based upon the PDQ that you provided me, a copy of which is attached.

Here is an overview of my analysis:

Here is my analysis:

To be exempt under the FLSA, a position must meet both the (1) Salary Test and (2) Duties Test. This position meets the Salary Test, as pay range 40 has a minimum salary of \$34,986, which works out to be in excess of \$455/week (the minimum necessary to meet the Salary Test).

My analysis of the Duties Test follows:

1. Executive: The PDQ indicates that this position does not supervise any other employee. The executive exemption requires that supervision include 2 or more subordinates. Test not met.
2. Outside sales -- Not met by definition.
3. Computer Professional -- Not met by definition.

An Affirmative Action/Equal Opportunity Employer

4. Professional -- There are 3 recognized categories (learned professional, creative professional, teacher). This position does not qualify as a learned professional in my opinion. There is no independent, professional licensing required for this position as would be typically seen for an FLSA exemption based on this exception, and the PDQ does not reveal any other facts that would seem to fit this exception.

5. Administrative -- There are two elements to this test: (a) primary duty must be performance of office or non-manual work directly related to management or general business operation of employer and (b) primary duty includes exercise of discretion and independent judgment with respect to matters of significance. Neither of these tests are met, in my judgment, after reviewing the PDQ. This position's primary duties seem to be field work, and the supervisor will be making all judgment calls with respect to "matters of significance." I don't believe this test is met.

As I do not believe the position meets any of the duties tests, I am of the opinion that this position is non-exempt under the FLSA. As a result, the County will be required to treat this position as an hourly employee, subject to the normal rules concerning overtime.

Please let me know if you wish to discuss any aspect of this further, and I'll stand by. Thanks, Bettie.

RE: Invoice to the Boone County Commission (copy attached)
2011 Contract for Services

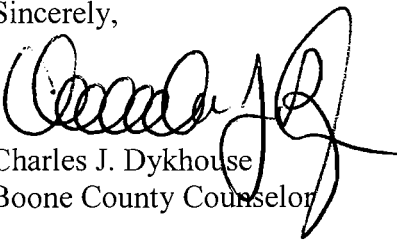

Dear Sir/Madam:

The Boone County Commission has received the Humane Society's invoice, a copy of which is attached. We are in need of a written contract for services in order to support payment under the invoice. I have drafted a proposed contract for 2011 and include two (2) copies along with this letter.

If the Agreement is acceptable, I would ask that you take whatever steps are customarily taken by the Humane Society for Board approval of the Contract and have the President sign both original contracts. Please return both executed contracts to me and I will circulate the contracts to obtain all the necessary County signatures and ensure that the Humane Society receives a fully-executed, original contract back for its official records. Once we have the contract fully-executed, the County will be in a position to make payment on the invoice.

If you have any questions in the meantime, please do not hesitate to contact me. I will look forward to hearing from you.

Sincerely,

Charles J. Dykhous
Boone County Counselor
