RE:	11-18FEB03 Ammunition Term and Supply

The Bid for Ammunition Term and Supply was issued on January 31, 2003. The bid closed on February 18, 2003. A total of seven bids were received. Purchasing and the Sheriff's department recommend a line-item award by low bid unless otherwise noted:

## **OMB Police Supply**

4.8.1. CTS Super Sock 12 gauge

<u>**Gulf States Distributors</u>** - Oklahoma Police Supply was low bid on 4.9.1., 4.9.2., and 4.9.3. but they bid a substitute, and we specified "no substitutions". GSI was low bid on 4.9.5. Birdshot, but it will save the county time and soft costs through easier contract administration by awarding this line item to the second low bidder, Gulf States.</u>

### MEMORANDUM

TO:Boone County CommissionFROM:Marlene RidgwayRE:07-11FEB03 – Full Size Vehicle and SUV's and<br/>State Contract C103011001–Light Duty Trucks and Sport Utility VehiclesDATE:March 3, 2003

The above referenced bid was opened on February 11, 2003. The requesting departments were the Juvenile Justice Center, the Planning and Building Inspection department and the Sheriff's department. We recommend the following award:

In evaluating the responses for Section 4.8.3., we recommend rejecting the bid from Mike Kehoe. The vehicle bid did not meet the minimum engine requirements set forth in the bid requirements. We further recommend award to Don Brown Chevrolet for a Chevrolet Impala. Total contract price including alternates is \$16,101.00. The amount budgeted for this purchase is \$17,500.00.

After evaluating the responses for the Sport Utility Vehicles in Section 4.9., the Sheriff's department determined that the lowest and best bid did not meet their minimum requirements. It was decided to look at the specifications and revise to reflect their needs. This budgeted item will be rebid this month.

In reviewing the value of the State of Missouri Cooperative contract for Light Duty Trucks and Sport Utility Vehicles compared to the bid responses received, the Planning and Building Inspection department has recommended to purchase from the State contract. They are able to purchase a 2003 Ford Explorer with the towing package and delivery for \$21,288.00, a savings of \$322 over the Chevrolet Blazer. The Explorer will also give them more cargo room over the Blazer. The Planning and Building Inspection Department had \$24,800.00 budgeted for this item. They also had 2 trade-ins for this purchase which will be coordinated with Cornell Motors for auction through the Kirksville Auto Auction. We are requesting approval of disposal of two 1998 Ford F-150 4x4's Fixed Asset tags 11594 and 11595. The disposal forms are attached for signature.

The bid tabulation is attached as well.

STATE OF MISSOURI	March Session of the February Adjourned	Term. 20	03	
County of Boone				
In the County Commission of said county, on the	13 <sup>th</sup> day of March	20	03	

the following, among other proceedings, were had, viz:

Now on this day, the County Commission of the County of Boone does hereby approve the request by Witt Enterprises for a *Review Plan* for Witt Enterprises Industrial Park on 5.12 acres located at 1401 Prathersville Road, Columbia, with the following conditions:

- A list of the requested uses has been provided and it contains 15 items. The approved list of permitted uses be shown on the review and final plans. It should be noted that even though contractor's buildings and storage yards are listed, no storage yard areas are shown on the plan and therefore storage yards are not allowed; similarly any other use requiring external storage is not allowed.
- That it is recognized that all drive and parking areas are required to be a minimum of a chip seal surface. Also, that parking is diagrammatic on the plan and that additional parking may be required by the actual size and use of the buildings.
- That a stormwater and erosion control plan that addresses concerns with respect to these issues be acceptable to the NRCS, County Public Works, and Planning Departments and that it is further recognized that some detention/retention measures and developer improvements such as the culvert under Prathersville Road are developer's costs, such changes can be made to the plan with the planning director's approval with the added understanding that the director can determine the changes as significant and require resubmittal and approval of a revised review plan.
- That the landscaping plan will be subject to conditions as it is being proposed to accompany the final plan.
